Want access to your finances on the

move?

Download the all-new AMP app today.

Financial answers are in the palm of your hand – with the all new AMP app. It's the integrated mobile app where you can access your banking, super, investments and insurance. Whether you're waiting for an appointment or planning your next adventure – you can find what you need, fast. But it's not just for looking, it's for doing too, from accessing your banking to make a payment to getting help to start consolidating your super. It's built to help you make your future goals a reality. And you can start today – by downloading it now.

How can one app handle all your AMP finances?

The AMP app is the first app in Australia that lets you access your super, investments, banking and insurance. Once you've registered with BankNet or My Portfolio, you can use the app for all this – and all with one four-digit PIN.

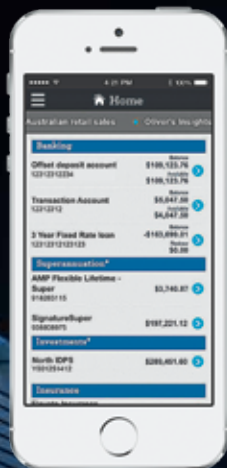

If you've got super with AMP, you can check how you're tracking towards your retirement goals. If you'd like to check if your employer is making contributions, you can see for yourself in a flash. And if it's time to consolidate your super, you can get help to start it on the screen in front of you.

Just as easy, you can see how your investments are doing. And if you've got insurance inside your super – or outside it – the AMP app gives you a snapshot of your cover in no time. All within the same app.

There's access to banking too. If you'd like to pay someone or check on a payment in your AMP Bank account, it's at easy reach.

Ready to find answers? Don't wait. Have your BankNet and your My Portfolio login details at hand, then download the app for your iPhone or Android.

Download the AMP app now.

On one screen, you'll see:
– superannuation
– insurance
– banking
– investments.

See how your super is doing:
– product name
– account balance
– what insurance you have inside your super.

Bank with AMP Bank? You can:
– access your banking
– make payments
– find the nearest rediATM.

Take a look at your AMP investments to see:
– the asset class they're in now
– recent performance.

Register for My Portfolio at amp.com.au – click the My Portfolio tab and follow the prompts. Register for BankNet on 13 30 30 8am to 8pm Monday to Friday and 9am to 5pm Saturday and Sunday (Sydney time).

What you need to know
